

## WAAL General Meeting 12/08/22

The WAAL Holiday meeting was at the Worthington Recreation Center in the Community Room. Attendees enjoyed a catered entrée from City Barbeque served with delicious side dishes and desserts provided by members.

Andi Wolfe, president, and Beth Veldey, Treasurer organized a raffle of work donated by various members. Proceeds raised will go to the WAAL Student Scholarship Fund. Funds will be awarded at the end of the 2022-23 school year to chosen students pursuing an art career. It was a good time to share experiences and ideas with our fellow members.

The speaker was Molly Todd, retired Math and Art teacher. She creates art quilts based on the drawings made by very ill and hospitalized children. These quilts are given back to the children or in memory of them to their families. You can see examples of her work at
